COOL WORLD

It’s an imaginary world that’s real. It exists in another dimension, where cartoon characters, called Doodles, are alive. It’s Cool World.

For cartoonist Jack Deebs, who’s been carried across the boundary, it’s a wild and amazing place; and he’s discovered that only some of the Doodles are friendly. Take Holli Would. She’s a knockout Doodle who’s really interested in Jack. She’s interested in using him to get herself a real body and transfer into this world. She just needs to get her hands on one special piece of magic.
The Golden Spike of Power, hidden atop the Ocean Hotel in Las Vegas, is the powerful wedge between Cool World and this world. And Holli’s trying to steal it. If she uses it, she may destroy both her world and Jack’s.

As Jack, you’ve got to stop her from doing it—because you know she will if she can!
SETTING UP

Insert the Game Pak into the Super Nintendo Entertainment System and turn the POWER switch ON. After the Title Screen is displayed, press the START button to begin. If you do nothing, the demonstration mode will begin. Press any button to quit this mode.

Playing the Game

Level 1 - Cool World
As you explore Cool World, collect Nickels and avoid the Popper Police. You will meet many characters along the way. But be careful! Some are good, and some are very bad. You’ll find that you have the limited powers of a Doodle to use in defending yourself.

You can enter the following buildings in Cool World:

Pawn Shop
Many useful and useless items can be found here. You can buy or trade what you are currently holding for the item you are interested in.

Slash Club
This is one of Holli’s favorite hangouts. Be careful—it’s quite a rough joint! Unfortunately, the bouncers at the door don’t like Noids (humans).

Bank
Banks pay interest on savings. It may benefit you to open an account.

Library
You can get valuable information by reading books in here!
Level 2 - Sweet Place
A sickly cute world. Many sweets are scattered around for the taking. After avoiding the cute characters, you may find your way into the malt shop. In here, you must put the milkshakes on the counter and guide the ‘cuties’ to drink them. This will give you the opportunity to explore any special treasures.

Level 3 - Holli’s Building
This is Holli’s own building. Try meeting her by taking the direct approach and using the door. Or, why not try climbing?
Level 4 - Driving Section
The road system in Cool World is very hazardous! Be sure that you have enough speed to get over the gaps in the road. Avoid obstacles in the road, and watch out for those chomping teeth!

To speed up – Press Control Pad Right.
To slow down – Press Control Pad Left.
To jump – Press Button Y.

Level 5 - Las Vegas
At some point in the game you will be transported back to Real World. You must catch the mischievous Doodles to restore the balance in the Interworld Matrix before you can return to Cool World.

The only way to trap a Doodle is by sucking it into an ink pen!
Level 6 - Ocean Hotel
With the help of Nails, a Doodle spider, you can work your way up the outside of the building to get to the rooftop to confront Holli.

You must keep both Nails and yourself safe in order to reach the top. Watch out for windows opening suddenly and look out for Sparks, Holli’s right-hand man.

Level 7 - Hotel Rooftop
You must battle past Holli’s gang of goons and right-hand man, Sparks, before you can reach her and replace the Spike in its rightful place in order to save both worlds.
PLAYING TIPS

- You must find the arm extender before you can punch or stretch up!

- You can punch Doodles from a distance by using the Stretch Punch.

- You can climb higher by stretching your arms up and grabbing onto ledges, etc.

- You must find a pen before you can suck up any Doodles.

- Punching some Doodles will throw off Biffs. Collect these for extra points. Collect a flashing Biff for invincibility. Jumping on some Doodles will destroy them, crush them or give you points.

- You must face some characters in order to interact with them. You must face doors to go inside (if it will let you).

- Objects can be collected by either using the Collect Button, facing the object or by using your stretch arm.
